

## **International English Camps in Austria**

Just in time for our 10th anniversary, our English camp takes place in Austria again. This was our first event after we launched our company Learning Events. As our company has developed, we have also worked on the program and now offer the International English Camp for Kids & Teens from around the world. English is the language that connects our participants. You have the opportunity to make personal friends beyond the borders. We are looking forward to this great event.

## Why learn English in Austria?

- Austria is a very safe country with a lot of culture, history, fascinating nature and friendly residents.
- For younger children it is a good feeling to know that the parents are available at all times.
- Our native speakers are very happy to introduce the participants to a piece of culture and lifestyle of their country of origin and also their new homeland Austria.
- Our trainers come from different English speaking countries (England, America, Australia, etc.). Therefore, the participants can expand their English communication skills very well.
